GODEY'S LADY'S BOOK for September has been received. It is a handsome number, maintaining its well earned reputation, that of being the best Ladides' book extant. It enjoys a wide circulation, probably more extended than any other journal of the kind. It is published in Philadelphia by Louis A. Godey; terms \$3 per annum for single subscription. By club it can be had considerably cheaper.

ON THE first page of this week's edition can be seen a brief and truthful sketch of our heroic candidate for the Vice Presidency Con. JOSEPH LAWS of Oregon. The Col. would make, no doubt, most an exceilent Vice President; he is a good statesman as well as a warrior of high standing. SUBSCRIBE.-How often do we hear men excuse themselves from subscribing to a J. Brower, on the north by an alley, and on paper or a periodical, by saying they have no time to read. When we hear a man thus excuse himself, we conclude that he has never found time to confer any substantial advantage either upon his family, his country, or himself. To hear a freeman thus express himself, is cruly humiliating, and we can form no other opinion than that such a man is of little importance to society.

Sewing Machine.

We were shown a few days since, by our townsman, Mr. HENRY ZUPPINGER, specimens of work, executed upon Raymond's Family Sewing Machine, which would compare favorably with any work ever exhibized to us. There has been a great deal of talk and speculation over the different patent sewing machines as to which is the best and the cheapest. We are frequently asked, "which is the best," "what machine woold you buy ? ' We answer, it depends entirely upon the amount of money inten ded in its expenditure, and the purpose to which the machine is to be applied. If for appurtenances. boots, harness making, tailoring, or almost any manufacturing purposes, Singer's is decidedly the best.
